MONTANA
INTERSTATE SYSTEM ACCIDENT STUDY
PHASE I
SUMMARY & STRIP MAPS

Montana State Library

3 0864 1004 2433 5

PREPARED BY THE

**MONTANA STATE HIGHWAY COMMISSION
PLANNING SURVEY SECTION**

IN COOPERATION WITH THE

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL HIGHWAY ADMINISTRATION
BUREAU OF PUBLIC ROADS

MARCH 1970

FOREWORD

PHASE I - INTERSTATE ACCIDENT STUDY

This study was initiated in 1961 by the Bureau of Public Roads to compare traffic accident experience on constructed sections of the Interstate System with the same sections before they were constructed to Interstate standards or with existing control sections on the Primary System that have similar characteristics.

In most cases, an average of three years of accident experience has been used to determine the rates on the existing sections before construction and on the selected control sections. These average rates may be compared directly with those developed for the period after the sections were constructed and opened to traffic.

The following tabulation summarizes and compares the accident experience by routes before and after constructed sections on each route were completed and open to traffic. Both 2 lane and 4 lane constructed sections are included in this tabulation.

TRAFFIC ACCIDENT SUMMARY
CONSTRUCTED SECTIONS ON INTERSTATE SYSTEM
1961 - 1968

Interstate Route	Before Construction (Interstate P.T.W.)				After Construction (Completed Interstate)			
	Length	Average Daily Traffic	Rate Per Million Veh. Miles	Rate per 100 Million Veh. Miles (All Accidents) (Fatalities)	Length	Average Daily Traffic	Rate Per Million Veh. Miles	Rate per 100 Million Veh. Miles (Fatalities)
15	173.3	1148	2.7	10.9	163.5	1302	1.4	6.3
90	245.2	2748	3.5	6.0	245.0	2451	1.6	7.6
94	115.6	1407	2.7	12.8	114.2	1444	1.5	4.8
TOTAL	534.1	1938	3.2	8.0	522.7	1873	1.5	6.9
ALL OTHER PRIMARY ROUTES (1968)				4733.3	809	2.7		8.7

LEGEND FOR INTERSTATE ROUTES

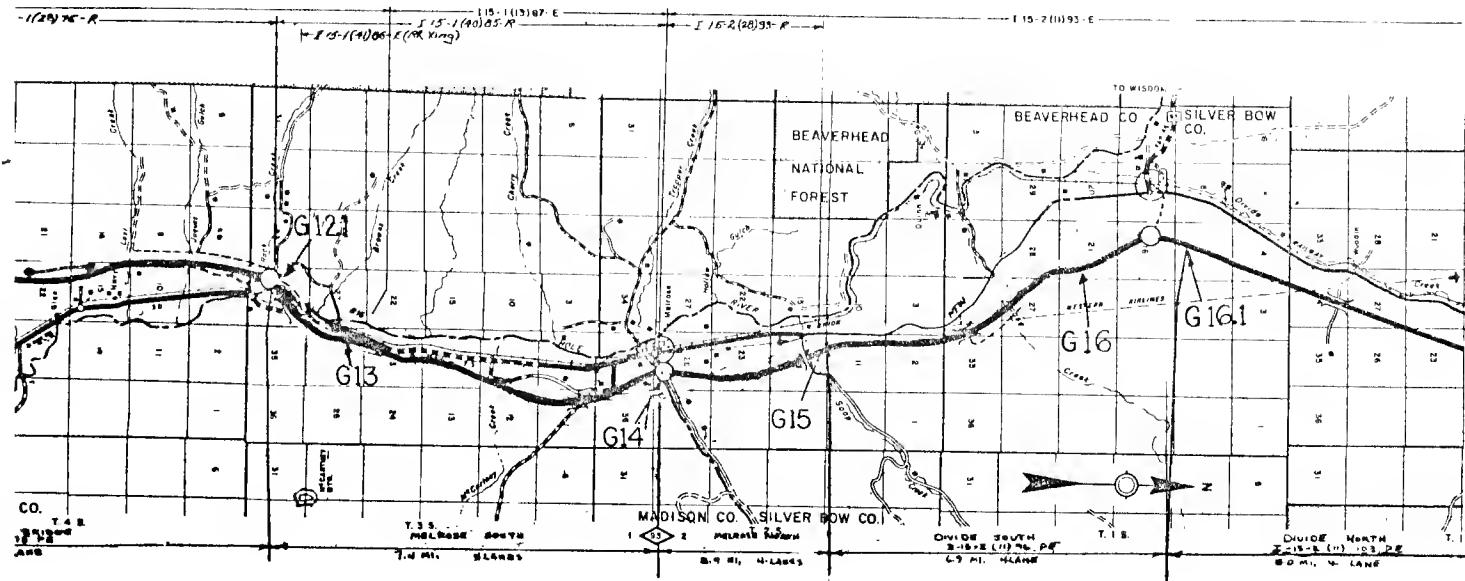

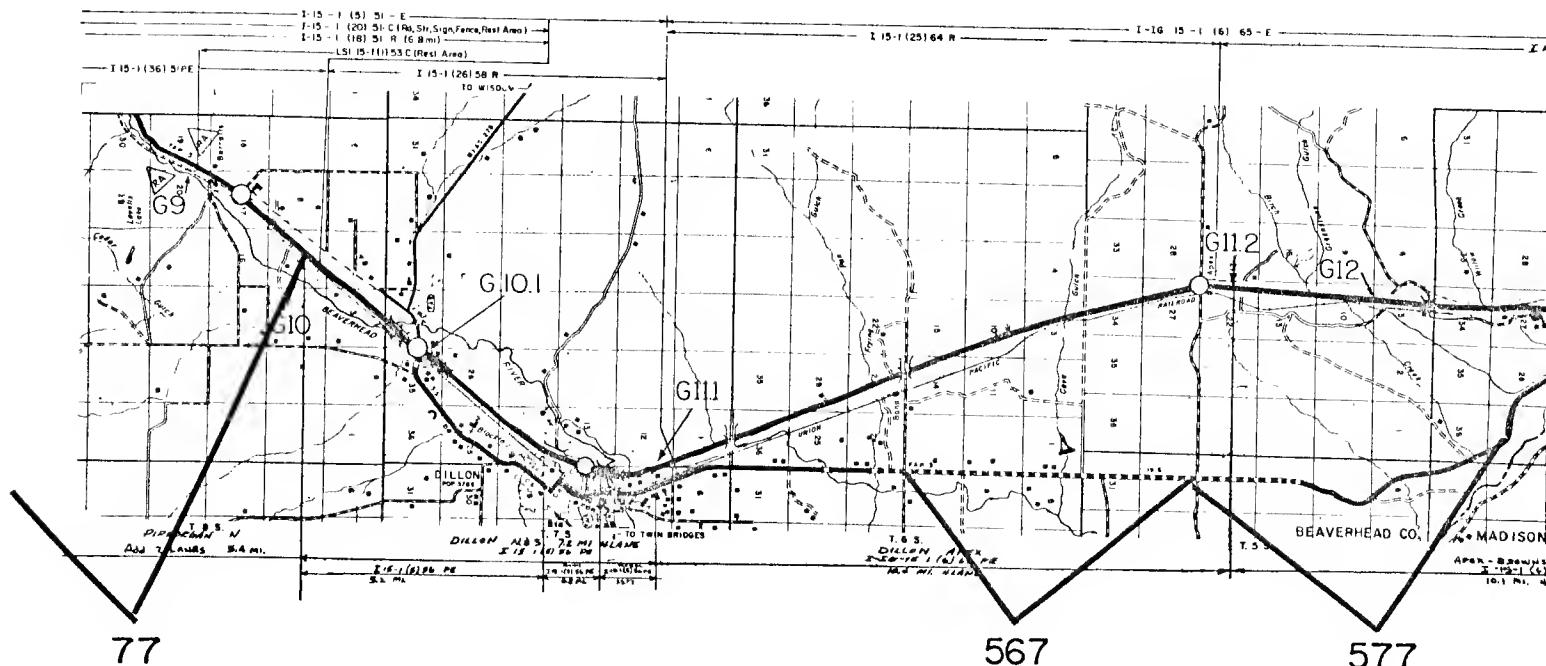

-

A horizontal number line starting at 0 and ending at 4. There are five tick marks on the line, each labeled with a number: 0, 1, 2, 3, and 4. The distance between each tick mark is equal.

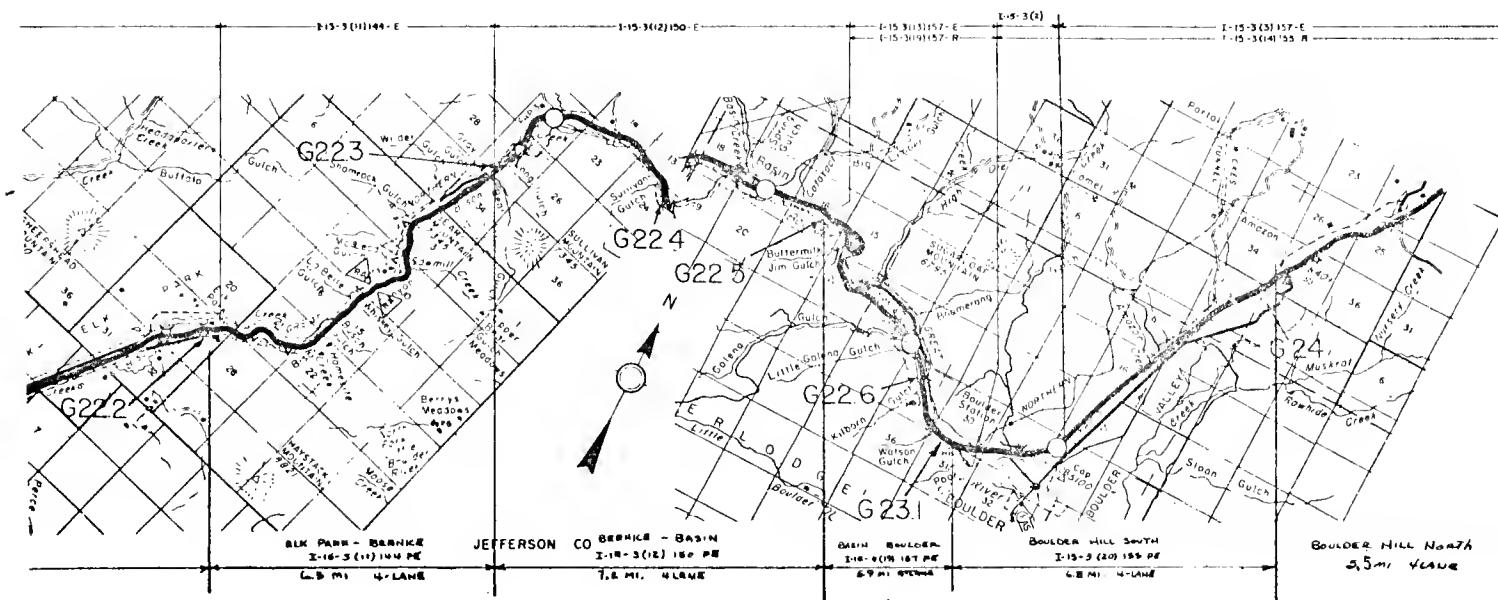

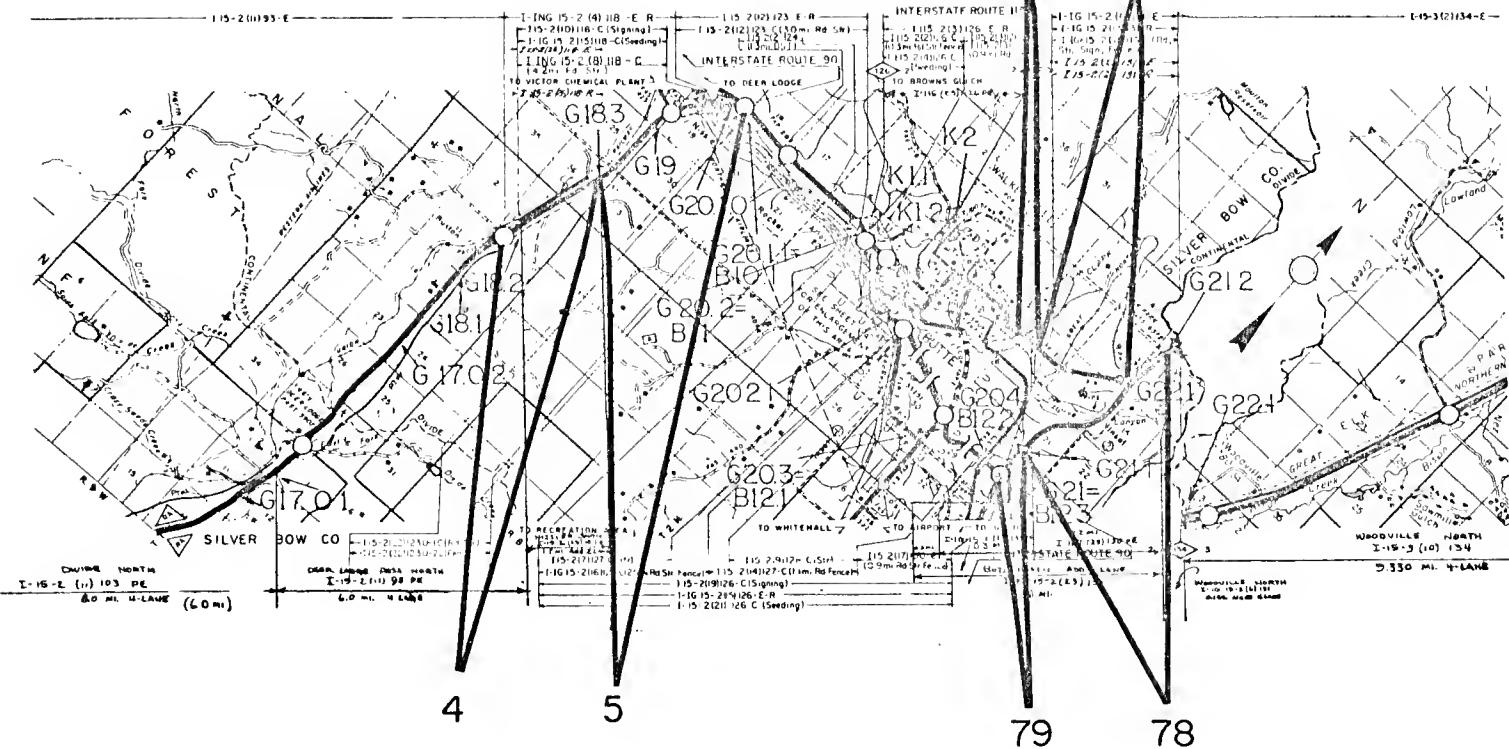

1401-1402

MON

INTERSTATE RO

A scale bar at the top right shows distances from 0 to 4 miles. Below it, the word "MONTANA" is written in large, bold, serif capital letters, followed by "INTERSTATE ROUTE 15" in a smaller, sans-serif font.
